Biznesa haizivs

- Kapitālisti par visu ko dara cenšas noplēst
\$, ¥, £, €

www.openNtf.org

- OpenNtf – Interneta vieta, kur ir daudz labu, kvalitatīvu Lotus Notes aplikāciju.
- Kodu gabali (kārtošana, WEB lauki)

- Ne vienmēr tas kas ir par brīvu ir slikts, dažreiz pat labāks par to, kas ir par \$.
- Kods ir pārsvarā atvērts, jebkurā brīdī ir iespēja veikt labojumus
- OpenSource projektos izmaiņas notiek ātri (IBM tos veic NEXT MAJOR Release) ☹
- Parasti aplikāciju atbalsts ir par \$.

TeamMail Box

- Paredzēts kopīgam adresēm Info@domain.lv, cv@domain.lv, sales@domain.lv,

The screenshot displays two instances of the 'Team Mailbox Preferences' dialog box. The left instance is titled 'Team Mailbox Preferences - domino@automatedlogic.com' and shows the 'New Mail Reminder' tab. The 'Reminder is' status is 'ENABLED'. The 'Send to' field contains 'Brian Green'. The right instance is titled 'Team Mailbox Preferences' and shows the 'Auto Reply' tab. The 'Auto Reply is' status is 'DISABLED'. The 'Message' field contains the text: 'Please see our Technical Support frequently asked questions list.' The 'Format' is set to 'HTML' and the 'Style sheet' is defined as: 'body, p, tr, td, br { font-family: "Arial", verdana, arial, helvetica, sans-serif; font-size: 10pt}'.

Team Mailbox Preferences - domino@automatedlogic.com

Colors | Signature | New Mail Reminder | Auto Reply | Advanced | License

Who should be notified when new mail is received? Select people/groups from the server's address book. They will receive a doclick to the new mail message.

Reminder is **ENABLED**

Disable Reminder Agent

This agent runs after there is new mail.

Team Mailbox Preferences

Colors | Signature | New Mail Reminder | Auto Reply | Advanced | License

This mailbox can send an automated reply. By default, this is done when a message is a few hours old, and has not already received a reply. For additional information, please read the Using This Database document.

Auto Reply is **DISABLED** - Check with your Domino Administrator. The "Auto Reply" agent is disabled.

Enable Auto Reply Agent

This agent runs when it is scheduled.

Winmail.dat Extractor

- <http://www.openntf.org/Projects/pmt.nsf/ProjectLookup/WinmailExtractor>
- At times, e-mails you receive from users of Outlook/Exchange will be plain-text messages with a large attachment at the end called either "Winmail.dat" or "ATT0001.dat". The reason why this happens is described fairly well in Microsoft Technote 241538:

<http://support.microsoft.com/default.aspx?scid=KB;en-us;q241538>

eTimeSheets

- <http://www.openntf.org/Projects/pmt.nsf/ProjectLookup/eTimesheets>

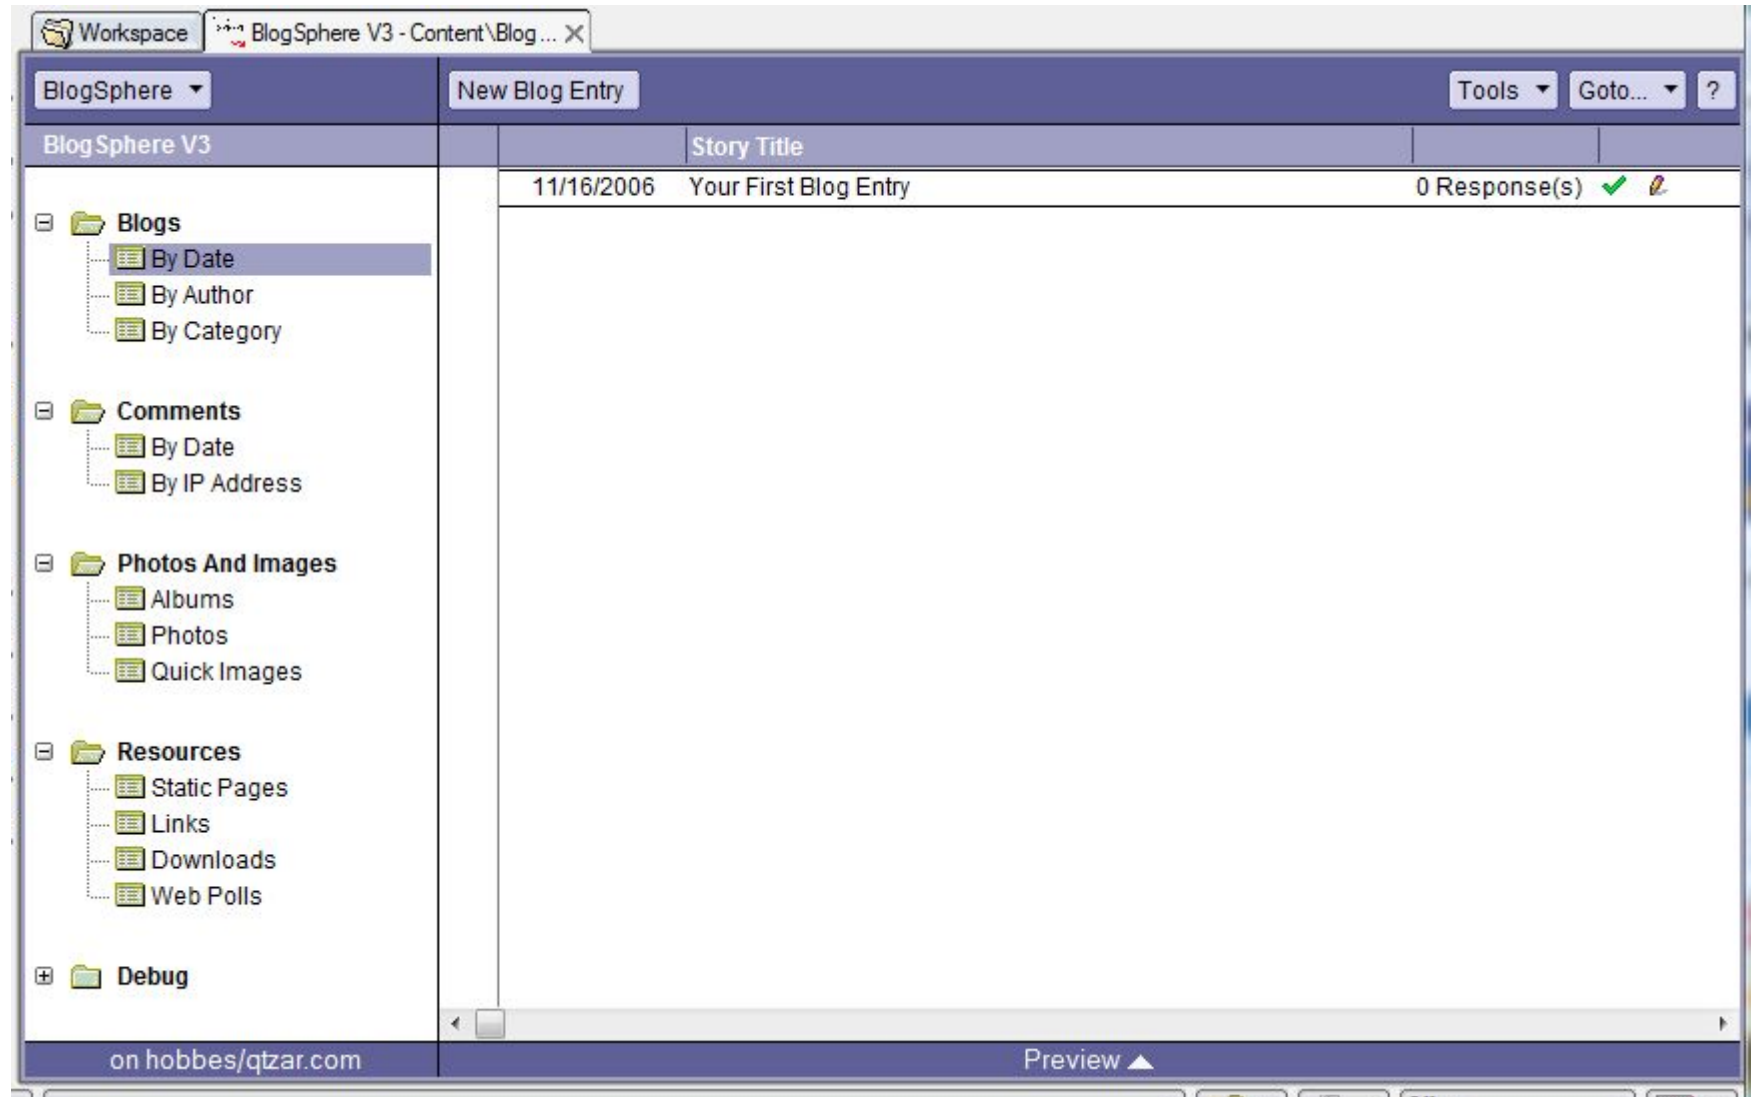

The screenshot displays the 'EARTH TECH ENGINEERING TIMESHEET SYSTEM' administration page. At the top left is a logo with three horizontal lines inside a circle. The main title 'EARTH TECH ENGINEERING TIMESHEET SYSTEM' is centered at the top. Below it, the section 'Timesheet System Administration' contains a row of buttons: 'Create new Project' (highlighted in blue), 'Create new function Code', 'Create new Activity Code', 'Create new Account Code', 'Create new Project Type', 'View Existing Clients', 'Other Settings', and 'All Projects'. The main content area is titled 'PROJECT DETAILS' and contains a form with the following fields and options:

- Account Type**: Select Account Type (dropdown)
- Project Number**: [Text input]
- Project Title**: [Text input]
- Project Manager**: [Text input] with an 'Edit Project Manager' button to the right.
- Project Engineer**: [Text input] with an 'Edit Project Engineer' button to the right.
- Status**: Radio buttons for 'Open (& active)' (selected), 'Open (& passive)', and 'Closed'. A 'Date Opened' field is set to '20 Oct 2007' with a calendar icon.
- Project Type**: Select Project Type (dropdown). A 'Date Closed' field is empty with a calendar icon.
- Client Name**: [Text input] with a dropdown arrow.
- Client PM**: [Text input]
- Validation Level**: Radio buttons for 'Sub Account', 'Function', and 'Activity' (selected).
- Book to Half Days Only**: Radio buttons for 'Yes' and 'No' (selected).
- Allow Cross Booking**: Radio buttons for 'Yes' (selected) and 'No'.
- Allow Agency Booking**: Radio buttons for 'Yes' (selected) and 'No'.
- Allow Manhour Control System**: Radio buttons for 'Yes' and 'No'.

Additional buttons include 'Edit new Clients' and 'Edit Client Details' located near the bottom right of the form area.

Domino Wiki

- <http://www.openntf.org/Projects/pmt.nsf/ProjectLookup/DominoWiki>

The screenshot shows a web browser window displaying the Domino Wiki page for categories under 'notesdomino'. The browser's address bar shows the URL: <http://benpoole.com/benpoole/wiki.nsf/categorised?open&cat=notesdomino>. The page title is 'Categories: "notesdomino"'. Below the title is a table listing various pages, their last edit dates, and the editors. The table has three columns: 'Page', 'Last edit', and 'By'. The pages listed include 'DamienKatz', 'DominoJava', 'JavaUserClasses', 'LotusIris', 'LotusNotes', 'MovingToSix', 'Notes and Mac', 'NotesDevelopmentTips', 'NotesFactory', 'OpenLog', 'OpenNTE', 'TheMysteriousPixie', 'UpgradeExamTips', and 'Using Pivot Tables for Excel Reports from Lotus Notes'. The 'By' column for most entries is 'benpoole', while 'OpenLog' is by 'User at 65.160.59.199'. The 'Last edit' dates are mostly '15 Jun 2006 at 05:00 PM GDT', except for 'OpenLog' which is '07 Jul 2006 at 09:42 AM PDT'. To the right of the table is a sidebar with a 'Main' section containing links to 'StartPage', 'QuickStart', 'SandBox', 'Index', 'RecentChanges', and 'Files', along with a 'Create a new page' link. Below that is a 'Categories' section with links to 'apple', 'ctc2005', 'eclipse', 'java', 'notesdomino', 'people', 'programming', 'sandbox', 'technology', and 'wiki'. At the bottom of the sidebar is a 'Search wiki' input field and a 'Your log-in details' link. The footer of the page indicates 'Running on DominoWiki version 1.1 BETA'.
